OVENS MIBRASA®

OUR OVENS

MIBRASA® is a closed barbecue grill invented and made in our workshops. Made from the best quality steel by experts hands, our grills are designed to satisfy even the most demanding chefs.

The technical specifications allow the user to accurately control the air flow through the grill, changing the intensity of the embers. This is an extremely efficient way of cooking and cuts down the amount of charcoal needed.

MIBRASA® ovens allow you to cook all types of foods retaining the natural flavours and bringing out a unique taste.

THE VERSATILITY OF MIBRASA® OVENS

We have a wide range of high quality products and accessories allowing you to completely personalize your MIBRASA® oven, adapting it to your needs.
